PROFESSIONAL EXPERIENCE

Backend Team Lead and Project Management
KUMO CONSULTORÍA S.L.
Backend Junior Development Team leader. Teaching the Kumo's software technologies to the Spanish Dual Studium employees and developing new features and improving legacy ones for the backend multi-threading environment. Meet with clients to gather requirements and project times. Reduced users' bug reports on mailing and API connections by 80% after finding root causes. Using Apache Tomcat both to staging and production deployments and its further surveillance.

React.js Developer
PRIVATE SIDE PROJECT
Nonprofit development of two webpages using React.js and Node.js and automatized deployment to github pages. Complete frontend development. The webpages were made for a hospitalized children association.

Backend Java Developer
KUMO CONSULTORÍA S.L.
Backend core development team. Maintenance of legacy code and development of new features in a multi-thread environment, OracleSQL Database, Hibernate connections and Struts management. Improvement of SQL connection times and memory consumption, extension of legacy projects' database structures and development of highly complex SQL queries for specific side to side searches in a tourism-focused buy-and-sell rooming system.

Fullstack Developer
KUMO CONSULTORÍA S.L.
Both frontend and backend developments. JavaScript, Bootstrap and Angular or React.js were used for the frontend environment while on the backend side the focus was on Maven, Struts, Hibernate, Spring, JPA and OracleDB/SQL.

Fullstack Developer
GUEST INCOMING S.A. / EUROPLAYAS S.A.
B2B and B2C backend and frontend developments and maintenance of vacational packages and buy-and-sell hotel room and cruiser systems. Javascript and Bootstrap developments and SQL connections and queries as main tasks.

Professional Driver and Management
SELF-EMPLOYED / PASGUT MULTISERVICIOS S.L.
Co-owner of a delivery van and truck fleet small company. Management of teams of up to twelve drivers on transportation sector. Deliveries of diplomatic bags, press, food and renting of drivers and vans services.
